

Road Guardian Profile

"Road Guardian" is a distinguished term that describes a person that has devoted a large portion of their lives to driving Heavy Vehicles. Their Knowledge has been gained from first hand on the job "Real Life" Experience.

The Recognition of Road Guardians is to filter out into the Driver Training industry in both Light and Heavy Vehicle sectors, valuable information and skills required to encourage a mindset of much needed change to ensure a safer way to share the roads, giving respect to Heavy Vehicles, the young, drivers with special needs and inexperienced drivers.

The Driver Trainer industry (both Heavy and Light vehicle sectors), at present remains pretty much unchecked once a trainer has been deemed "Accredited"

Road Guardians are of the opinion that this lack of Leadership has lead to numerous training companies to operate in a substandard and less than professional manner. Gone are the days of near enough is good enough. Todays Road toll is a direct result of this lack of Benchmarking, and we make no apologies for setting the standards Globally to ensure the safety of all Road Users, because we believe, you... your family, and friends are worth it.

Unfortunately there is too much evidence available of Rogue Truck Drivers, and this will always be the norm if a change is not made. Years ago, the long term Heavy Vehicle Driver had the respect of all that shared the Road with him or her, today the media is quick to highlight Rogue Drivers, and the carnage they cause, and left unchecked it is going to get worse.

Our belief, with the help of all Road Guardians, is that we are going to raise the standard via the old system of word of mouth and mutual respect. The training and learned wisdom filters down to the Heavy Vehicle Instructors, Light Vehicle Instructors, Mums & Dads that teach their families and friends to drive, and to the new driver, whatever age or nationality.

The edge Training Group, have been instrumental in developing a system of training for very trusted and respected Driver Trainers and Driver Training Companies. In order for a Car Driver Trainer to be listed here it means the trainer has been trained how to drive a Heavy Vehicle, and put simply, if they are endorsed via the website, it means the training is the best of the best. The Edge Training Group is purely a delivery platform for all Road users whether they be a new driver, a Mum or Dad, a car Trainer or Heavy Vehicle Instructor.
